Allowable Subject Matter

2. Claims 3 and 6-9 are allowed.

3. The following is an examiner's statement of reasons for allowance: None of the prior art teaches a method for processing data in the form of a grid of discrete source values that includes determining at least one target value using weighted interpolation of the source values in a first region, determining a minimum and maximum value in a local region of the source values, determining a measure of the dynamics in the local region, the measure of dynamics being a normalized weighted value of the absolute difference in source values within the local region, wherein one of the absolute differences is calculated for each of the source values in the local region, and each difference is calculated between a given source value and a weighted average of source values in a further local region corresponding to the given source value and adjusting the target value in the direction of the maximum value or the minimum value based on the dynamics, as shown in claim 3. None of the prior art teaches a method for processing data in the form of a grid of discrete source values that includes determining at least one target value using weighted interpolation of the source values in a first

region, determining a minimum and maximum value in a local region of the source values, determining a measure of the dynamics in the local region, adjusting the target value in the direction of the minimum or maximum value based on measured dynamics, wherein one of the source values which lies in the grid closest to the target point is taken as source of a first region extending over a finite number of mutually adjacent source values and wherein the local maximum and local minimum are determined in the first region, as shown in claim 6.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
